

## Accessibility Plan

### Aims Statement

We aim to provide a school which fosters confident, highly motivated and happy children. Our school vision (above) demonstrates that our aim is that children at Warton Nethersole's are courageous, strong and loving. We aim to be a school which ensures that every child has the opportunity to fulfil their potential through a broad and balanced curriculum which provides equal opportunities for all.

### Accessibility Plan

At Warton Nethersole's Church of England Primary School, we are committed to making our school a welcoming place for all. As a church school, we promote the principles of fairness and respect for all in line with gospel teachings, and in doing so welcome all members of the learning, working and visiting community into our school.

Facilities exist for Disabled users and visitors.

We do our utmost to ensure that all visitors are afforded good access and a warm welcome.

The school provides the following:

- 1 Disabled car park space immediately in front of the school entrance
- Flat access from the car park
- Access ramp into the nursery building
- 1 disabled toilet located towards the back of the main school building
- Acoustic friendly ceiling tiles and display boards in 4 classrooms
- Well illuminated classrooms and corridors
- Most classrooms and offices have blinds fitted to reduce glare
- Clear signage around the building
- Interactive boards in all classrooms in the main school
- Ability to increase print size where necessary
- Outside access to playgrounds have ramp access
- Support from Integrated Disability Service when required
- Access to CAMHS (Child and Adult Mental Health Service) and Educational Psychology where necessary

**Date Ratified by Govs: 03.02.2022    Date for Revision: 03.02.2024**

- Close working relationships with school health team (Compass)
- Links with property services for health and safety issues, building development and site development
- Family Support Worker who is able to support and signpost families requiring additional support
- Collaborative style of leadership which welcomes the views, beliefs, ideas and concerns of all of the community
- A well balanced and differentiated curriculum to meet the needs of all of the pupils
- Provision of a rich learning environment whereby the successes of the whole child are celebrated
- Residential visits which support the needs of all of our learners
- Children on regular medication are supported as per the school's 'Administering Medicines in School Policy.'

## Attitudes to disability

Everyone is warmly welcomed into Warton Nethersole's C of E Primary School. The school aims statement is inclusive and promotes the rights of every individual. It is the duty of all members of staff to promote our Christian ethos. In addition;

- We ensure that facilities and building improvements include provision for both disabled and able-bodied users
- Health and safety checks are actively encouraged by the Headteacher
- We have a fair and open admissions policy which is available on the school website
- There is a commitment by the Headteacher and Local Authority Board to access funding to meet the needs of pupils, staff and visitors
- We have non-discriminatory practices in the recruitment of staff which is monitored by the BDMAT

In the event of new pupils joining the school with specific disabilities the following areas would be reviewed and action taken as appropriate to meet the needs of the individual;

- ICT accessibility
- Staff CPD in disability awareness and support for particular needs
- 'Reasonable Adjustments' will be considered where appropriate
- Participation in extra-curricular activities to remove barriers where possible
- School behaviour and discipline policy shared
- Personal Evacuation plans created as appropriate

The purpose of our Accessibility Plan is to :

- Acknowledge the steps already taken by the Head Teacher and governors of Warton Nethersole's CE Primary School to provide access by all children and adults to the school site.
- Identify areas we can further improve regarding access by all adults and children to the school site.

**Date Ratified by Govs: 03.02.2022      Date for Revision: 03.02.2024**

- Plan for our school to increase inclusion for children with disabilities and SEN.
- Increase the extent to which children with disabilities can participate fully in the school curriculum (both on and off the school site).

This plan also aims to address the diverse learning needs of children with respect to the learning environment and access to a range of educational services. It sets out how the Governing Body aims to increase access to education for children with special educational needs (SEN) in the three areas required by the key duties in the Equality Act 2010:

- Increasing the extent to which SEN pupils can participate in the curriculum;
- Improving the environment of the school to increase the extent to which SEN children can take advantage of education and associated services;
- Improving the delivery to SEN children and their families of information which is provided in writing for pupils who do not have SEN and their families).

*The Equality Act 2010 defines an individual as disabled if he or she has a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on his or her ability to undertake normal day to day activities. Under the Special Educational Needs and Disability (SEND) Code of Practice, 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'. The definition includes sensory impairments such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer. Schools are required to make 'reasonable adjustments' for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a disabled pupil faces in comparison with non-disabled pupils. This can include, for example, the provision of an auxiliary aid or adjustments to premises.*

## **Responsibilities**

All staff are responsible for identifying and removing barriers to learning for disabled pupils.

All leaders are responsible for improving accessibility within their area of responsibility.

The Governing Body is responsible for the approval of this plan.

The Head Teacher is responsible for ensuring the resourcing, implementation and updating of this plan.

The SENDCo is responsible for ensuring that all current students' needs are covered by this plan and for monitoring the effectiveness of the plan in meeting disabled students' needs. It is a requirement that the school's action plan is resourced, implemented and reviewed and revised as necessary.

## **Monitoring arrangements**

This document will be reviewed every 3 years, but may be reviewed and updated more frequently if necessary.

## **Links with other policies**

This accessibility plan is linked to the following policies and documents:

- Health and safety policy

- Equality information and objectives (public sector equality duty) statement for publication
- Supporting pupils with medical conditions policy
- Special Educational Needs Policy
- Behaviour Policy

## **The main priorities in the school's plan**

1. Increasing the extent to which disabled pupils/ pupils with need can participate in the school curriculum

The needs of all of the pupils of the school are considered when planning the school curriculum. It is the responsibility of the SENCO and AHTs to ensure that the needs of all of the pupils are met. In order to ensure that all children are catered for the SENCO works closely with the Headteacher. A detailed IEP for all of the children with special needs is used. This highlights the specific needs of each child including those with disabilities and targets their curriculum provision. This is a focus of IEP and pupil progress meetings.

Where necessary outside agencies are contacted for specialist support eg. Speech and Language, Integrated Disability Team, Specialist Teaching Service and support from the Educational Psychologist. Emotional & physical well-being of pupils and staff is given high priority and is a feature on the SDP as well as at governor's meetings.

2. Improving the physical environment of the school to increase the extent to which disabled pupils/ pupils with need can take advantage of education and associated services.

Warton Nethersole's has two entrance points both from Maypole Road, which lead to the school building. The main pedestrian entrance is flat with easy access to the main school office. The doors and gates currently require manual release. There is access through the rear of the building through a double door and the main entrance has a wide door opening. The main school building and separate nursery building are both on one level and all classrooms have direct access to the playground / outdoor area through fire exits situated within the classrooms. We have one toilet for Disabled users. The school has internal emergency signage and escape routes are clearly marked.

3. Improving the delivery of information to disabled pupils that is provided in writing for pupils who are not disabled:

All information shared takes account of the needs of the pupils. Advice is sought from specialist agencies e.g. hearing impairment team with regards to specific needs, when they arise e.g. large print needed or use of a hearing aid, translators. The views of the parents/pupils and staff are taken account of on a regular basis, this informs the way that written information is delivered. Preferences of parents will be taken account of.

**Context of the school.** The main school entrance, the outside areas and the nursery are all accessible for wheelchair users. We are very aware that our site is inaccessible for some disabled pupils and adults, particularly inside the main building where room sizes are small and routes to main areas indirect. However, we want to continue to ensure our school is more accessible to more pupils through this plan. Hard copies of our school's accessibility plan will be available upon request within ten working days and a copy made available on the school website. Attached is an action plan showing how the school will address the priorities identified in the plan. The action plan covers the three year period from January 2022- December 2024
